WHAT TO DO ABOUT BEE STINGS

Honey bees, bumble bees, hornets, wasps and yellow jackets belong to the same family, and they all sting. The difference is the exception of the wasp, leaves her stinger with the victim.

Remember:

1. Scrape out the stinger with a small knife blade. Don't pull it out. You may cause poisonous fluid to enter the flesh.
2. Use baking soda paste, Urethane or calamine lotion to allay the pain.
3. If a finger or toe is stung, wrap a rubber band around it above the sting and leave it there until the stinger has been removed (but not more than five minutes) to prevent the poison from going farther.
4. Call a doctor if the victim is stung several times. A wasp or hornet can sting repeatedly.
5. If the victim is stung on the face, call a doctor to help reduce the swelling and prevent the possibility of losing sight or a severe reaction.

Confident Americans who have been stung by bees, wasps, hornets or yellow jackets should know the proper first aid to help reduce the swelling and prevent the possibility of losing sight or a severe reaction.

Three young men were injured when the automobile they were riding ran off a curve on Taylor Mill Road and hit a culvert last Saturday night. The car overturned and came to a stop facing in the opposite direction from which it was traveling and was completely demolished, according to night chief William Williamson and Patrolman Dyess. It was owned by Jake Bonneau of Elba, who was not in the car at the time of the wreck.

ALMOST ONE MILLION 4-H CLUB MEMBERS are aiming for safer living on highways and farms, in homes and communities. Their efforts are focused on the national 4-H Safety program directed by the Cooperative Extension Service and arranged by the National Committee on Boys and Girls Club Work.

Farm boys and girls enrolled in the program—share credit for helping to decrease traffic deaths last year. Proof that they're on the job is the record high enrollment reached in 1957 when 815,000 club members between the ages of 10 and 21 took part in some form of safety activity, according to the National Committee.

And hard work does not go unrewarded. At the national level eight top ranking 4-H'ers will receive \$400 college scholarships and an all-expense trip to the National 4-H Club Congress in Chicago next December. The state winner also will attend the 4-H congress with all-expenses paid, and it is estimated that nearly 4,000 youngsters will merit the county safety medal. All awards are provided by General Motors which has supported the 4-H Safety program since 1944.

 The Schumann Music Club held its weekly meeting with Catherine Mullins at the home of her parents, Mr. and Mrs. L. P. Mullins Wednesday afternoon.

After a brief business session with Mary Will Kendrick presiding, the lesson on Johann Sebastian Bach was studied. Piano solos were played by Catherine Mullins, Mary Will Kendrick and Ruth Windham.

Mrs. Vaula Ann Kendrick, beloved Elba woman, and one of the most highly esteemed citizens of this community,

passed away at the home of her daughter, Mrs. Arthur Boutwell, late Monday afternoon, following a long illness.

Mrs. Kendrick was 77 years of age, and a native of Coffee County. She was the widow of the late Thomas D. Kendrick.

Of widespread interest was the marriage of Miss Margaret Brunson to Mr. Henry Smith, which was solemnized at the home of the bride's mother, Mrs. Zelma Brunson, Sunday at 2 p. m. Rev. B. S. Franklin officiated at the ceremony in the presence of the immediate families and a few close friends.

Mr. Smith is with the Highway Department in Elba, having moved here from Dothan several months ago.

WHEN'S THE TIME TO BUY A CAR?

"WHEN I CAN AFFORD IT!"
 Tsk, tsk! Too bad he hasn't checked up on car prices lately. He'd find that Ford is the lowest priced of the best-selling three!

"WHEN THEY INVENT A CAR THAT DOESN'T NEED GAS!"
 Gracious! The gentleman obviously hasn't heard about Ford's Mileage Maker Six—the modern short-stroke Six that delivered the most miles per gallon in Class A in the last two Mobilgas Economy Runs!

"WHEN THE OLD CAR'S HAD IT!"
 But it has... and so has his budget. If he could only have back all the money he's been paying out (and is going to pay out) in repair bills... he could be the proud owner of a 58 Ford!

"WHEN MY PRESENT CAR IS WORTH MORE!"
 Poor man. He's not only missing out on summer driving in a Thunderbird-inspired Ford... he's missing out on money! Doesn't he know that his present car will NEVER be worth more in trade than right NOW!

"WHEN FORD DEALERS ARE GIVING THE YEAR'S BEST DEALS DURING FORD'S SUMMER TRADING PICNIC!"

Smart fellow! He's buying NOW while Ford Dealers are holding their Summer Trading Picnic and giving the longest deals and the highest trades ever... and while the selection of models and colors is best. What's more, he'll find that Ford is the lowest priced of the best-selling three! Why not join him at your Ford Dealer?

The LIMITED...

There's a tingle of excitement in that word limited as long as we're describing a train. But if we were speaking of the boy—describing the effect which spiritual neglect has on the development of the character of a child—that's a different matter! There's nothing thrilling about a soul that has been limited in its opportunity for religious expression and growth!

The churches of our community are here to give ALL our children religious training... to help ALL our families foster a spiritual atmosphere in their homes.

As we make use weekly of the opportunities our churches provide, the potential Christian growth of the child, the family and the Nation becomes UNLIMITED.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without it, no individual, no family, no community, no nation can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Help strengthen America's Peace Power

You've got the best reason in the world for wanting peace—right in your own back yard.

But peace costs money. Money to help us keep the peace, through industrial and military strength. To help make it lasting for the future, through science and education. And, most important, money saved by individuals.

Your Savings Bonds, as a direct investment in your country, make you a Partner in the job of strengthening America's Peace Power.

The chart shows how your Bonds will earn money for you. But the most important thing they earn is Peace. Are you buying as many as you might?

HOW YOU CAN REACH YOUR SAVINGS GOAL WITH SERIES E SAVINGS BONDS (in just 8 years, 11 months)

Through the Keyhole

BY MRS. ROBERT CANNON

A DRESS of delicate green shaded with white that ended in a puff of pleats at the knee was worn by stunning Carol Stephenson Aquila to one of the several parties given for her at the Motel Troy Restaurant in Troy. Hosts for this affair were Martha Ham and Marion Brunson and their nine dinner guests report a very lovely evening.

Earlier in Carol's visit, she and husband Nardi had been guests of honor, in Troy, when John Harper, Fred Harper and Marion Brunson entertained at an intimate dinner for twelve. The decorations were centered around a theme of deep pink roses and the food was excellent.

On the first Monday of the Aquilas visit, Mrs. James Dodson and Mrs. H. B. Ham and had the families over for an excellent supper and friends were continually driving out to the Stephensons home to see this popular couple, so we know their visit was a success.

Mrs. Stephenson told me that she and Hubert have not yet moved into their new brick home located several miles from town, but that the children stayed there during their two weeks at home as the house is completely furnished now.

THE NATIONAL BAND CONTEST was held in Chicago, Ill., several weeks ago and

leading the March through the city was Montgomery's own Lee High School Band dressed in Confederate grays. Since this group is only three years old, everyone was notably impressed by their winning fourth place in the competition. And Mrs. Daisy Windham was especially proud as grandson Jerre Paul Johnson is clarinetist for the band. On their return to Montgomery, the band was met by the city officials and given a rousing welcome home.

Jerre Paul and his parents were here for a few days en route to the beaches, and the last we heard, were trying in vain to talk Mrs. Windham into going with them.

AN UNUSUALLY nice trip was enjoyed recently by Mr. and Mrs. L. L. Lecompte, when they visited in Canton, Ohio, for two weeks. They stayed several days in Canada, seeing Niagara Falls and other points of interest. The highlight of the trip was seeing their new grandson, recently born to Mr. and Mrs. Philip Vinson. Making the trip were the L. L. Lecomptes and Rev. and Mrs. Lamar Lecompte and daughter Calera; and Miss Hilda Lecompte of Birmingham.

THOROUGHLY ENJOYED being a guest at Sybil Taylor's the other evening and seeing her newly decorated home. Particularly liked the way the soft sunshades used in the reception rooms were carried through the other rooms where they were subtly complemented by greens and browns.

At this party, Rachel Cook told us that she had returned to her job at Fort Rucker, and that it was certainly hard to leave young Cherri at home. We complimented Carolyn Howell on her most attractive haircut and admired Belle Martin's all white ensemble. Louise Cooper was her usual friendly self and Neil Cook was vivacious as ever.

LEARNED in a telephone conversation with Mr. John Brunson that Mrs. Brunson is doing better and may soon be able to come home from St. Margaret's hospital. Know that since all the daughters are

home, Mrs. Brunson is finding hospital routine particularly hard. We certainly wish the best for this soft spoken lady, who has been so cordial to us.

SUN AND SAND and lots of it, but a very pleasant time was spent in Florida on a recent afternoon. Jean, Jack and Mark Vaughan; Betty, Oscar, Murry, Carol and Vickie Vaughan drove over to Lake Jackson with us and we were joined there by Gerald, Merle and Ann Cannon. There were boats to ride, water skiing and surf boards, and the experience of a picnic supper cooked at Lakeside.

Saw Wallace and Lillian Taylor and their party of friends enjoying themselves in similar manner with shade trees overhead and children frolicking underfoot.

A POSTCARD from Hawaii, written by Jim and Louise Bowdoin, who spent their honeymoon there, was most welcome. Jim told us that they took a cruise to the Islands, but planned to fly home.

The Bowdoin's were married recently in Bristol, Tenn., amidst a flurry of wedding parties and teas. They spent several days here with the Cecil Bowdoin's before returning to Bristol, where both plan to teach. We hope that the young couple will come to Elba frequently as Jim has always been one of the town's favorite sons.

IN A TURMOIL over how to spend his vacation was Belton Stanford, who couldn't decide whether he wanted to take a trip or stay at home and work on his new home. Know he enjoyed himself tho, whatever the verdict was.

GO TO CHURCH SUNDAY

(with apologies to the 3 little pigs)

You can build your house with straw. (But it may not keep you dry if a rainy day comes along.)

You can build your house with sticks. (But the winds of adversity might blow it down.)

The best way to build your house is with a solid foundation of bricks. (And U. S. Savings Bonds are some of the best savings bricks you can buy.)

Bonds are solid as a rock—guaranteed by your Government. They're loss-proof, fire-proof, theft-proof—the Treasury will replace them without charge in case of mishap. And the principal invested in Bonds is safe—not subject to market fluctuations.
